Category:Software Category:Business software Category:Health care software Category:AuditingDETROIT (AP) -- A Michigan woman who filmed herself using a stun gun on herself during a 2013 Detroit Lions game says she will sue the team and the NFL. Bridget Gainer's lawsuit filed Thursday says the Lions misrepresented her demeanor by saying she was provoked into doing it. The suit says Gainer is not currently a threat to anyone. Gainer says the footage of the stun gun incident has been viewed more than 250 million times on the Internet. Detroit Lions Owner William Clay Ford Jr. said in a statement Friday that Gainer is a "troubled" woman and he was embarrassed by her behavior. Gainer also said she wants to run for political office. She says she was arrested for public indecency and trespassing.Failure analysis of the small bowel VX2 hepatic tumor model in the rat. Intraportal implantation of viable VX2 tumor fragments has been used as a model for hepatic metastasis of well-differentiated carcinoma. In particular, it has been used to study chemotherapeutic agents. However, the clinical data indicates that this model is only reproducible in 10-15 percent of the cases and that a small number of tumors are capable of forming liver tumors as large as 5 cm in diameter in 90 days. The objective of this study was to document the failure rate and to define the factors that predispose a tumor to grow more rapidly and/or efficiently. Sixty rats f678ea9f9e
